

INDUSTRIAL SEWING THREADS

Technical data of:

Article:	Trécore 120
Producer:	Forbitex Holland
Composition:	100% polyester/polyester
Thread thickness:	286 Dtex (2)
Strength CN:	appr. 1297
Stretch %:	appr. 18.27
Shrinkage %:	below 0.25
Wash and perspiration steadfast.	
Special finish layer for optimal slide qualities and heat resistance.	
This article is Öko-tex certified.
